

Critical features of this job are described under the headings below. Beacon Industries, Inc. reserves the right to assign or reassign duties and responsibilities to or from this job at any time.

Job Title:	Welder
Department:	Maintenance
Reports To:	
FLSA Status:	Non-Exempt

Position Summary:

We are seeking a skilled Welder to join our aerospace manufacturing team at Beacon Industries Inc. The ideal candidate will have experience in precision welding and fabrication, with a strong attention to detail and commitment to quality. In this role, you will work with advanced materials and processes to produce components that meet strict aerospace

Sample Job description for Welder:

- Perform precision TIG and MIG welding on aluminum, stainless steel, titanium, and other aerospace-grade materials
- Read and interpret blueprints, technical drawings, and welding specifications
- Set up and operate welding equipment and tools safely and efficiently
- Inspect welds to ensure compliance with aerospace quality standards and customer requirements
- Follow detailed work instructions and maintain accurate documentation of work performed
- Work closely with engineers, machinists, and quality inspectors to resolve technical issues

Requirements

- Proven experience as a Welder, preferably in aerospace or precision manufacturing
- Strong proficiency in TIG welding (GTAW); MIG welding experience a plus
- Ability to read and interpret technical drawings, blueprints, and work instructions
- Familiarity with aerospace quality standards (e.g., AWS D17.1, AS9100) preferred
- High school diploma or equivalent required; technical training or welding certification a plus
- Ability to pass required welding certifications and company qualification tests
